I help brands grow with performance, creativity, and technology.

# About Me

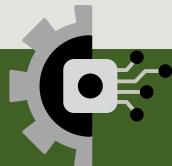

## Hardik Sharma

5+ Experience

This is me

Digital Marketing | Creative | AI | Web

Hello!

### About Me :

I am a Digital Marketing, Creative, and Web Expert from India working with ambitious brands globally. I combine data-driven performance, creative storytelling, and modern technology to build scalable digital growth systems.

My focus is not just marketing or design, but creating measurable impact through strategy, automation, and high-converting digital experiences.

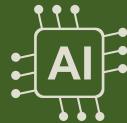

### My Skills :

- Digital Marketing
- Graphics/Video Editing
- AI & Automations
- Web Development
- Project Management

### My work Motto :

Blending data, creativity, and technology to create powerful and scalable growth for ambitious brands.

- End-to-end digital project planning and execution
- Smooth collaboration with creative and tech teams
- Structured workflows for faster and efficient delivery
- Data-driven tracking, optimization, and reporting

## RESEARCH

I begin by deeply understanding your business, audience, and market. This includes competitor analysis, customer insights, and identifying growth opportunities to build a strong and data-driven foundation for every project.

## STRATEGY

Based on research, I design a clear and scalable roadmap. This includes marketing funnels, content direction, channel selection, and performance goals to ensure every action is aligned with business growth.

# MY PROCESS

## OPTIMISATION

Growth is continuous. I track performance, analyse data, test improvements, and refine strategies to maximise ROI, improve conversions, and scale results sustainably.

## CREATIVE

I develop high-impact visuals, messaging, and storytelling that connect with your audience. From branding and ad creatives to video and content, every element is designed to engage and convert.

## EXECUTION

I implement campaigns, build funnels, launch websites, and automate workflows. The focus is on smooth delivery, precision, and speed while maintaining quality and consistency.
